

Organization Chaplain Overview

For Nonprofit & Agency Leaders — North Texas

Chaplain Kris Cruz provides contract chaplaincy for nonprofits, agencies, and program partners — confidential pastoral care for staff and volunteers, crisis debriefs, and partnership with justice ministries such as Kairos.

What Contract Chaplaincy Provides

- Confidential pastoral conversations** for staff, volunteers, and leaders
- Grief support and crisis debriefs** after hard incidents or loss
- Retreat and program support** scoped to your calendar
- Kairos & justice-program partnership** alongside correctional ministry
- Prayer for those who welcome it**; deep listening for all

How It Complements Your Team

A contract chaplain does not replace HR, supervision, clinical counseling, or program leadership. Chaplain care is pastoral and confidential — filling the gap of human presence and spiritual care when protocols alone are not enough.

How Engagement Works

- Connect** — Share your agency, team, and the season you are in.
- Plan** — Define ongoing contract chaplaincy or project-based support.
- Serve** — Consistent chaplain presence alongside staff and programs.

Credentials & Service Area

Ordained through Christian Chaplains & Coaching (2026). Training in Basics of Chaplaincy, Christian Counseling and Grief Care, and certification in Christian Ministry to the Incarcerated. Air Force veteran. Serving nonprofits and agencies in the DFW area and across North Texas — on-site, virtual, or blended.
